Direct any questions regarding disposal of Cathode Ray Tubes (CRTs) to DNR - CRTs are glass vacuum tubes that function as the video display component of some electronic devices. They are commonly found in older style, non-flat panel televisions and computer monitors. They may also be found in some of the following types of electronic devices: medical, automotive, oscilloscope, appliance, and military control towers.

**Propane Cylinders** – Contact the following website for information regarding releasing pressure on EMPTY - Coleman® Propane Cylinders. Coleman® has patents pending on a new industry-changing development called the Green Key® tool that will allow consumers to durably mark the propane cylinder as empty for steel recyclers.  
[http://www.coleman.com/coleman/recycle/cylinder\\_dis.asp](http://www.coleman.com/coleman/recycle/cylinder_dis.asp)

**Environmental Protection Agency (EPA)** –  
Website containing information on where you or your business can donate or recycle computer and other electronic products in your area. <http://www.epa.gov/wastes/conserves/materials/ecycling/donate.htm#local>  
Narrow your search by using your zip code: <http://earth911.com/>

**The Wisconsin Recycling Markets Directory-** <http://wisconsinrecyclingdirectory.com> provides information about outlets for recycling various materials in Wisconsin.

**WE Energies** ..... 1.855.398.5226

<http://www.focusonenergy.com/Renewable/>

Wondering what to do about your old, inefficient refrigerator or freezer that is in your garage or basement? Energy efficiency programs in Wisconsin and Michigan offer free refrigerator/freezer pickup and recycling service – as well as a \$30.00 cash back reward! Appliances must be in working condition with a clear and safe path of removal. There is a limit of two appliances per household per calendar year. Refrigerators or freezers must be 10 to 30 cubic feet in size, and a maximum of 2 units per residential address can be recycled per year. To schedule a **FREE** pickup, eligible Wisconsin residents may call 1.855.398.5226, or visit [www.focusonenergy.com/appliance](http://www.focusonenergy.com/appliance).

**Note: Washington County does not endorse or recommend any one vendor over the other. Calling before dropping off is always recommended.**
